

SET MENU

For everyone who comes to eat up to sixteen people (minimum amount), we have our menu that you can choose from on the evening. From 16 people it becomes important for us to know in advance what you want to eat, so we remain 100% sure that we meet our own high quality requirements!

In two rounds we will fill your entire table with delicious dishes. Everything to share, but if you and your group are really hungry, let the staff know, because we can supplement almost all dishes.
